TECHNICAL EXPERIENCE

FULL STACK DEVELOPER | INFOSYS LTD | Kerala, India | November 2019 – April 2021

- Developed user-friendly interfaces using modern frontend JavaScript libraries like Angular9 & ReactJS, enhancing web application user experience.
- Implemented robust web services using REST and GraphQL, enabling efficient data exchange between client and server.
- Worked with various technologies and frameworks, including HTML, CSS, and JavaScript for frontend development and languages like Java, Python, and Ruby for backend development.
- Proactively communicated with the design team and project manager to guarantee large projects' effective and timely completion.
- Interacted with clients to understand their needs, describe their demands, and offer the necessary technical functionalities.
- Successfully led and mentored a team of engineers through complex technical challenges, fostering a collaborative and productive work environment.

OTHER PROFESSIONAL EXPERIENCE

PACKAGE HANDLER | DHL SUPPLY CHAIN | Brantford, Ontario | February 2023 – Present

- Maintaining a spotless record of 0% packaging mistakes, assuring precise and timely shipment delivery.
- Recognised for great attention to detail and strong packaging standards.
- Demonstrated a strong commitment to safety protocols, contributing to an accident-free work environment.
- Collaborated with cross-functional teams to meet tight shipping deadlines.

HEALTH & SAFETY CONSULTANT | HSE WORLD | Kerala, India | June 2021 – November 2022

- Earned NEBOSH IGC certification, demonstrating a thorough grasp of health and safety concepts and their application in the workplace.
- Comprehensive risk evaluations were conducted, reducing possible dangers, and improving worker safety.
- Over 500 professional students have been trained for professions in health and safety management.
- Clients appreciated the expert advice on health and safety issues and the promotion of a strong safety culture.
